To whom it may concern,

On behalf of Rowing Australia I am writing to confirm that Fiesta Catering and Events recently provided event, function and workforce catering services to the World Rowing Masters Regatta in Ballarat, Victoria. For our sport, this was a major international event held over four days and included over 1100 competitors, 200 workforce and four VIP functions, including a catered evening function servicing over 300 people.

Under the direction and leadership of Arnold and Ibo Safi, the team at Fiesta Events and Catering delivered a seamless, high quality, professional and friendly service. From our initial meeting and discussions, through the negotiation and contract phases, event delivery and post event financial reconciliation, the communication with Arnold and Ibo was prompt, open and clear. The professionalism and conduct demonstrated was exceptional, and this provided me with complete assurance and confidence in their service.

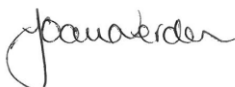

At the event, the installation of equipment, cleanliness and presentation of the catering service was of the highest standard. The team at Fiesta Catering and Events worked cooperatively with other event service providers to ensure a successful event for everyone involved.

I am very happy to recommend Fiesta Events and Catering for future events and functions. If you have any questions, please do not hesitate to contact me on jverden@rowingaustralia.com.au or mob: 0403 444 326.

Regards

Jo Verden

Kind regards

Jo Verden
